

### INSTRUCTIONS:

To practise scanning for numbers and understanding them in context, 11 figures from the Newcomers' Guide Education chapter have been compiled for students to find and copy.

For pre-teaching, begin with a few True/False statements to see what facts students already know. Students should scan the sentences on the worksheet before doing the exercise.

### REQUIRED STRUCTURES:

### REQUIRED VOCABULARY:

**GROUP SIZE:** individual

**HANDOUTS:** Numeracy worksheet

**OTHER MATERIALS REQUIRED:** Newcomers' Guide for reference

**RELATED GRAMMAR:** prepositions (between...and..., about, under, by..,etc.) numbers vs. ordinals

### FOLLOW-UP ACTIVITIES:
